**HSA and HCFSA IRS Rules**

Per the IRS, participants cannot have an HCFSA and HSA at the same time. If you elected an HSA for 2022, and you have HCFSA funds left in your account as of December 31, 2021, these funds will carry over and be available until March 15, 2022.

After this date, any remaining funds will convert to a Limited Purpose FSA and will be available for eligible vision and dental expenses through December 31, 2022. In this scenario, if you chose/choose to elect an HSA, the earliest it will be effective is April 1, 2022.

If you wish to have your HSA begin as of January 1, 2022, all HCFSA funds must be used before December 31, 2021 ([account balance must be zero*](#)). If you have questions regarding your current HCFSA, please contact PayFlex Customer Service at (800) 284-4885.

*If you have claims pending substantiation as of December 31, 2021 (even if your HCFSA balance is zero), your HSA will be effective on April 1, 2022.*
