Coverage for a second eye exam
If you notice changes to your vision during the plan year, you can get your eyes checked a second time without paying an additional premium; standard copays apply.

Coverage for 1 new pair of glasses (frames and lenses)
If your prescription changes .5 diopter or more in a plan year, you can get new glasses without paying an additional premium; standard copays apply.

*Refractive changes less than 0.50 diopter are considered normal variations and do not require a change in lenses.

Did you know?
15% of pregnant women experience a change in their vision

The importance of vision care for kids
Fewer than 15% of preschool children get an eye exam, and
Fewer than 22% receive a vision screening
