The Family Care Benefit Program that works for working families!

Facing *Can’t Be In Two Places At Once* syndrome? Discover what CCLC® families across the nation already know: it’s easier to balance with the right support. As an employee of George Washington University, you can use CCLC programs to help keep your work/life balance on track. We’re experts at matching you with short-term caregivers when your family member - young or adult - needs a watchful eye.

You only pay for our care services when you need us — but you can register in advance.

Number of uses per year
